List any supplements, vitamins, minerals, tonics, medicines, probiotics etc. Are these given in food or in water?

How long have you fed this diet?

What was the previous diet?

What is your rabbit's favourite food?

Warranwood Veterinary Centre

The Best of Care for People and their Pets

List any problem with faecal production (eg slimy/diarrhoea/constipated/normal):
(We recommend a yearly faecal examination)

MEDICAL HISTORY

Who are the veterinary surgeons that have previously treated your rabbit?

List all past medical problems, including dates and medications. (Use the back of this page if insufficient space)

We recommend a yearly *Blood Screen & faecal examination* for all rabbits over 2 years of age. Has your rabbit had any blood/Faecal tests in the past &, if so, what were the results?

Describe in detail the current problem (ie why you are here today!)

How long has the current problem been present & is it getting **better/same/worse**?

Is there anything else that you think is important for us to know?

THANK YOU FOR FILLING OUT THIS DETAILED FORM!
